Ethan,

Happy Holloween! I bet your dressed as an Army Soldier for Holloween, lol.

We finally got reservations for a campground in Georgia, we will leave here Sunday November 11. We will be there for 4 months & be about 150 miles from you. We will be able to visit you the first chance the Army gives us a chance to see you.

I hope everything is ok with you, everyone here is fine, all though we miss you very much.

As soon as we get to the campground we will let you know the address so you can write to us.

Have you had any rifle training yet? I think rifle training was my favorite part of basic training.

Do they give you a haircut every week, like they did me?

It's raining here & will be for today & tomarrow. We can't wait to get to Georgia where its warmer & sunnier.

I'll let you go for now so Mom can say a few words. I love you & miss you very much,
